

Internship: **Junior Power Market Analyst**

Company:

Enerdata is an independent Research & Consulting firm specializing in the global energy industry and markets (oil, gas, coal, power, renewable and carbon markets) created in 1986.

Leveraging extensive quantitative databases, proven methodologies and advanced forecasting models, our experts have more than 25 years' experience in economics, policy and technology issues shaping the energy industry.

Enerdata provides data, research, solutions, consulting and training to hundreds of clients worldwide: major Oil & Gas companies, electric utilities, equipment companies, consulting firms, banks and public organizations.

The assignment:

In the context of its strong development, Enerdata recruits a Junior Power Market Analyst to join the Market Research team in Grenoble, France.

The person will be mainly involved in activities related to the Power Plant Tracker database, an analytical tool providing key data (identification, location, technical and financial data) covering more than 80% of world total power capacities:

- Development of new modules (e.g storage, dashboard/analysis)
- Improvement of existing module (efficiencies, emissions)
- Update/maintenance

It will require strong quantitative and analytical capabilities to carry out calculations, estimations, development of new methodologies and data collection.

Other tasks could include:

- Writing analysis related to electricity sector and power markets
- Support on modelling activities (projection of electricity prices)
- Contribution to clients' projects

Your competences:

The candidate will show the following skills:

- Experience on quantitative analysis and data processing
- Knowledge on energy economics and electricity markets
- Extensive knowledge of Microsoft Excel (Visual Basic would be a plus)
- Knowledge on web research tool
- Rigorous, dynamic, motivated and curious
- Fluent in English
- Mastering a second language (especially French) would be a plus.

Contract type: Internship

Duration: 6 months

Starting date: Q1 2020

Location: Grenoble, France

Education: Engineer / Economist / Specialized MSc
